1. SOFTWARE LICENCE AGREEMENT

THE FOLLOWING LICENCE AGREEMENT REGULATES ALL USE OF RefTreeAnalyser.

This is a legal agreement between you (either an individual or an entity) and JKP Application Development Services. You should read the following terms and conditions carefully before using this software, as your use of RefTreeAnalyser indicates your acceptance of this License Agreement and Warranty.

2. Grant of License

This Software License Agreement ("License") permits you to use one copy of RefTreeAnalyser on one workstation. The primary user of the computer on which the RefTreeAnalyser is installed may make a second copy for his or her exclusive use on a second computer. If you have multiple Licenses for RefTreeAnalyser, then at any time you may have as many copies of RefTreeAnalyser in use as you have Licenses. RefTreeAnalyser is "in use" on a computer when it is loaded into the temporary memory (i.e. RAM) or installed into the permanent memory (e.g. hard disk, CD-ROM or other storage device) of that computer.

You may have access to RefTreeAnalyser through a network, provided that you have obtained individual Licenses for the software covering all workstations that will access the software.

3. Updates

A license entitles you to receive free updates to the tool for a period of one year (365 days) starting on the date of first registration.

4. Copyright

RefTreeAnalyser is owned by JKP Application Development Services and is protected by copyright laws and international treaty provisions. Therefore, you must treat RefTreeAnalyser like any other copyrighted material (e.g. a book or musical recording) except that you may either (a) make one copy of RefTreeAnalyser for backup or archival purposes, or (b) transfer RefTreeAnalyser to a single hard disk provided you keep the original solely for backup or archival purposes. You may not copy the user documentation provided with RefTreeAnalyser, except for your own authorized use.

However, while a breach limits the rights of the licensee to use RefTreeAnalyser, it in no way limits the continuing obligations of the licensee with respect to this License. In the event of a breach, all RefTreeAnalyser software and documentation must be returned to JKP Application Development Services and all traces of RefTreeAnalyser software must be deleted from computers owned or operated by the licensee.
